April 16, 2026

Dear Resident,

CHANGE OF INSPECTION DATES

The McAlester Housing Authority, in compliance with HUD regulations, will be conducting its annual inspection of all Public Housing Units. The inspection will be conducted by an outside contracted inspection agency, but a member of the MHA staff will always be with the inspector.

The inspection is RE-scheduled for April 27, 2026 to May 1, 2026.

Please make sure there are no blocked doors including hot water heater doors. Clean off your stove as we will be doing inventory and may have to look under your range top. If you are not at home, your unit will be entered for the purpose of conducting the inspection. **Please have your units in a clean and sanitary condition. This includes keeping your yard clean and picked up. If your unit fails inspection due to housekeeping or excessive damage, you may receive a notice to vacate.** Please secure your pet. The MHA will not be responsible for any lost pets during the inspection. After this inspection, as time allows, the Maintenance staff may be out fixing deficiencies found during the inspection so don't be surprised if maintenance shows up to work on your unit. This may take several weeks or even months depending on the number of deficiencies found.

Reminder- DO NOT FLUSH ANY WIPES OR OTHER FEMININ PRODUCTS DOWN THE TOILET. FLUSHABLE WIPES WILL STILL STOP UP THE SEPTIC SYSTEM CAUSING YOUR HOUSE TO FLOOD AND POSSIBLY YOUR NEIGBOR'S.

Sincerely,

Skipton Evans
Executive Director
